#### Spanish Introductory

Let's speak Spanish! This story-based program provides a fun introduction to Spanish where children learn and practice speaking the language through storytelling, games, songs, puppets, and hands-on activities. Join us for the story of *La Caperucita Roja*, or *The Little Red Riding Hood*, all in Spanish! *Appropriate for children who may not yet be reading or writing in English. Grades K-1*

#### Spanish Beginner OR French Beginner

Open a window to another culture, communicate in a new language, and make discoveries! Children will build practical language skills in a fun, small-group, immersion setting with lively games and activities. We'll learn where the language is spoken around the world, explore customs and traditions, greetings and expressions, numbers, calendar, weather, colors and shapes, body parts, favorite pets, the family, and a birthday party. *Appropriate for beginners who are reading and writing in English. Grades 2-5*

#### Spanish Intermediate OR French Intermediate

Learning another language and about another culture is an enduring and powerful life skill that allows us to communicate and make meaningful connections with others. This level introduces a broad variety of topics and cultural notes that allow children to explore customs and traditions, geography, history, and practical use of the language as they begin to read and write in the language. Intermediate level is a full-year program offered over two or more sessions.

*Prerequisite is at least one 12-wk or two 8-wk sessions of Beginner level or equivalent experience. Grades 3-5*

**Big Learning classes are taught by native speakers of the language they teach. Each level includes a workbook and hands-on activities to promote practical use of the language and support early literacy skills. All sessions include different topics and themes so children can learn new vocabulary and concepts throughout the school year.**
