

A background image showing a group of children in a classroom setting. On the left, three boys are gathered around a table, looking at a small electronic device with colorful wires. On the right, three girls are sitting at a table, working on laptops. An orange banner is overlaid on the image, containing the text 'Coding with Kids' in a white and yellow font.

Coding with Kids

AFTER SCHOOL CODING CLASSES

CLASSES AT WYNGATE ELEMENTARY SCHOOL

AI: INTRO TO MACHINE LEARNING

Grades 3 - 5

Tue, 4:00pm-5:00pm

Sep 9 - Nov 11 (no class on Sep 23)

\$235 / 9-week session

Discover how AI works by learning key AI and ML concepts such as neural networks, computer vision, and image recognition. You'll learn how to use modern AI tools effectively, like DALL-E, for tasks like generating images. You'll create your own AI models that will be used to build Scratch projects, including video filters and touchless games.

LITTLE CODERS: INTRO TO CODING

Grades K - 2

Fri, 4:00pm-5:00pm

Sep 12 - Nov 14 (no class on Sep 26, Oct 17)

\$209 / 8-week session

Tailored for early readers, this course helps students boost their computational thinking while having fun with friends! Beginners learn coding basics like Loops and Conditions. Returning students tackle new challenges, such as debugging. All students build exciting games, stories, and animated characters.
