

When? Tuesdays, 4-5:15!
Your first class is free!

What? Weekly chess classes featuring super-fun, high-energy chess lessons and tournament play!

We will learn color-coded chess tactics and strategies, which correspond to collectible silicone wristbands (below) that show that students have mastered a certain tactic. We also face off in tournaments, play fun games, watch silly chess videos, and have joke contests—it's a chess party!

Why chess? First of all, for FUN! Second, Chess has been proven to increase standardized test scores, improve critical thinking and capacity for STEM-learning, and strengthen students' problem-solving and focus skillsets!

My favorite thing about teaching chess is instilling academic confidence. I love when my students develop an identity as a "smart kid" who is great at the most mathematically complex game in human history—chess!

Enroll in The Knight School CHESS PARTY!

Where? Here at Wyngate ES!

Who? Anyone who is interested, K-5th grades!

How? To enroll, scan the QR code or email Coach Liv Brooks at osb10@georgetown.edu
