Here at MSI, we are some of the biggest soccer fans you will ever find, and we are passionate about making sure everyone has a chance to play the game in a safe but challenging way. Using the rules of soccer, we can help teach the roles and responsibilities to each young player that joins the After School Program.

The After School Program is a safe way to ensure your child is taken care of after school until 5pm. Our coaches take advantage of that time to teach your young player basic knowledge of the sport and improve their technical skills with the ball.
