Hip Hop is a high-energy dance form that uses the latest sounds in rap, R&B, and pop music, and is perfect for boys and girls who love to move! This fun-filled class immerses students in all aspects of motion, developing their balance, coordination, and strength, as well as promoting creativity, teamwork, and self-esteem. We use child-friendly music in all our Hip Hop classes (often KidzBop), and all movement is age-appropriate. As always, this session's class will feature new music and choreography. Parents are invited to join us on the last day of class for a Parent's Day performance.

Explore a new world of communication by learning American Sign Language (ASL)! ASL is the fourth most commonly used language in the U.S. and learning ASL can open new lines of communication between hearing and hearing impaired individuals. Additionally, studies have shown that learning the ASL signs for letters and words can help children with spelling and vocabulary skills. In our beginner ASL course, students will learn the signs for the alphabet, numbers, and basic vocabulary terms and sentences in a fun, child-friendly environment. Parents are invited to join us on the last day of class for Parent's Day.

Listed tuition price includes CUPF rental fee & a non-refundable online registration processing fee.
