Would you like to lead the cheers on the sidelines for your favorite team? Join our Cheerleading class! We teach students the basics of cheerleading, including motions, cheers, jumps, basic tumbling and simple stunting. During stunting, simple pyramids of only two levels will be taught. Parents are invited to attend any class they choose to observe what their student has learned during the session.

Hip Hop is a high-energy dance form that uses the latest sounds in rap, R&B, and pop music, and is perfect for boys and girls who love to move! This fun-filled class immerses students in all aspects of motion, developing their balance, coordination, and strength, as well as promoting creativity, teamwork, and self-esteem. We use child-friendly music in all our Hip Hop classes (often KidzBop), and all movement is age-appropriate. As always, this session's class will feature new music and choreography. Students will also learn a hip hop piece during the session. Parents are invited to attend any class they choose to observe what their student has learned during the session.

Beginner Ballet is designed for younger ballet students of both genders. The curriculum includes basic ballet posture, basic positions of the feet and arms and basic ballet steps that are appropriate for young children. Group movement such as forming circles, lines, and moving in unison will be taught. Traditional leather or canvas soft ballet slippers are highly recommended (pink or white). French ballet terms are spoken and taught in the class and primarily classical music is used for accompaniment in this class. Students will also learn a ballet piece during the session. Parents are invited to attend any class they choose to observe what their student has learned during the session.
