Tuesday
3:50—4:50 pm

Spanish Introductory and Early Beginner Grades K-1: Los tres cerditos

Let's speak Spanish! Children learn and practice speaking Spanish with a native-speaking language instructor in a fun, informal immersion setting with songs, storytelling, movement, games and hands-on activities. Classes and learning materials are appropriate for beginners and children with previous Spanish language experience. For children who are just beginning to read and write.

\$238 / 10 wks 9/29, 10/6, 10/13, 10/20, 10/27, 11/10, 11/17, 12/1, 12/8, 12/15

Tuesday
3:50—4:50 pm

Spanish Beginner and Intermediate Grades 2-5

Open a window to different cultures and traditions, communicate in Spanish and make discoveries! Children build practical Spanish language and literacy skills with a native-speaking instructor in an informal and engaging immersion setting with cultural notes, lively games, songs, activities and a workbook. Classes and learning materials are appropriate for beginners and children with previous Spanish language experience.

\$238 / 10 wks 9/29, 10/6, 10/13, 10/20, 10/27, 11/10, 11/17, 12/1, 12/8, 12/15

Tuesday
3:50—4:50 pm

Chinese Beginner and Intermediate Grades 2-5

Open a window to Chinese language and culture, communicate in Chinese and make discoveries! Children build practical Chinese language and literacy skills with a native-speaking instructor in an informal and engaging immersion setting with cultural notes, lively games, songs, activities and a workbook. Classes and learning materials are appropriate for beginners and children with previous Chinese language experience.

\$238 / 10 wks 9/29, 10/6, 10/13, 10/20, 10/27, 11/10, 11/17, 12/1, 12/8, 12/15

All classes minimum 8 maximum 12. Class minimums must be met one week prior to class start.

Payment plans and scholarships are available.

Monday
3:50 - 4:50 pm

Anatomy: Featured Creatures Grades K-2

Explore anatomy by examining the function of skin, hair, feathers, skeletons, and exoskeletons. Discover unique ways animals survive and protect themselves through experimentation and exploration. Create your own habitats for worms and brine shrimp. How do the shapes of teeth and beaks give you clues about what each animal eats? Explore camouflage and bioluminescence and how animals protect themselves.

\$238 / 10 wks: 9/28, 10/5, 10/12, 10/19, 10/26, 11/9, 11/16, 11/30, 12/7, 12/14

Monday
3:50—4:50 pm

Biological Clues Grades 3-5

In this exploration of biology and anatomy students will investigate bacteria and fungi that live on classroom surfaces by growing them in a Petri dish and then try to identify them. What makes you, you? Explore the role of genes in dominant and recessive traits. Learn about DNA and extract it from cells! Try to identify birds and marine mammals by their calls. Is it a humpback whale or an orca? Examine an owl pellet and try to identify the owl's major food sources from the bones in the pellet!

\$238 / 10 wks: 9/28, 10/5, 10/12, 10/19, 10/26, 11/9, 11/16, 11/30, 12/7, 12/14

All classes minimum 8 maximum 12. Class minimums must be met one week prior to class start.

Payment plans and scholarships are available.
